### The Estate

Since the establishment of this family business in 1928 the winery Peter Zemmer has been producing top-quality wines on the finest vineyards in and around Cortina s.s.d.v. in Alto Adige - South Tyrol. Peter Zemmer's extensive experience, detailed and innovative knowledge together with the perfect natural environment guarantees top quality and character of the wines. The expressive character of the wines is formed in the vineyard. Intensive nurturing of the grapevines as well as careful selection are the essential prerequisites for the authentic wines. Peter Zemmer believes the production of natural wines that accurately reflect their terroir are of utmost importance.

### Wine Making

This Rhine Riesling thrives under fine microclimatic conditions and in the loose, well-aerated and very calcareous soils in the Rohracker area on the valley floor around Cortina s.s.d.v. Tender care of the vineyard and the well ventilated microclimate offer the best conditions for an optimal production of this varietal, so that an excellent quality of grapes can be guaranteed.

### Tasting Notes

This is a rare varietal for Alto Adige, yet it is astounding. Riesling loves cooler climates, so this vineyard is in a higher elevation. It produces a crisp and dry Riesling with telltale aromatics of Alto Adige but with a juicy, racy, character. It has a whiff of oiliness, tart green apple fruit, and a razor finish.
